Toledo Sport and Social Club's League T-Shirt Policies:

League t-shirts are made possible by the great sponsors who appear on the back. As a result, we do not factor the cost of shirts directly into the league fees. For the leagues we offer the "Opt-Out" option, we are consciously choosing to print less shirts but we must balance that with our sponsorship agreements.

Although we would like to see everyone in the league t-shirts, there are few situations that make this difficult. In particular, data collection during registration and teams registering after the deadline, make it difficult to provide shirts for all participants.

That said, here are a few policies that you may want to know specifically regarding league t-shirts:

- 1) T-shirt orders are generated shortly after the registration deadline passes for each league. Therefore, it is the team captain's responsibility to make sure the team information is correct on the website by the time registration closes. You can review this information when logged into the site and clicking on the "Home" link shown at the top right of the site.
- 2) For leagues being given the t-shirt "Opt-Out" option, any team registering after the deadline will not be allowed the "Opt-Out" pricing and will need to pay the full price regardless of getting shirts or not.
- 3) For leagues where the t-shirt "Opt-Out" option is not being offered, any team registering after the deadline will not be given a reduced league fee regardless of getting shirts or not.
- 4) The TSSC website is designed to not collect data for spots where an email or name is not listed. Therefore, you must enter information about your teammates and not simply select shirts sizes or the data will not be stored in our order system.
- 5) Each player listed must have a unique email address or name listed. Duplicate emails or names will result in only one shirt being ordered for the duplications.
